

Rick Dunkin

EcoRock

 [Get In Touch](#)

Rick Dunkin is President and Principal Scientist of EcoRock Consulting, LLC, an environmental and mining consulting firm based in Milford, Michigan. He has 27 years of environmental consulting experience in Michigan and 7 years as a geologist in the energy/mining industry. As a consultant, he specializes in Part 201 and 213 site characterization and remediation, SC and remediation for oil and gas sites in Michigan, GSI evaluations, water resources related to mining, shale gas and hydraulic fracturing, the investigation and remediation of contaminated sediments, and regulatory analysis and support services. He holds a BA in Geology and Environmental Science from Susquehanna University in PA, an MS in Geology from the University of Toledo, and an MBA in finance from Walsh College in Michigan. Mr. Dunkin is co-chair for the annual AIPG Michigan Section Technical Workshops, a technical writer for the American Society for Testing and Materials (ASTM) subcommittee D18.26 on Hydraulic Fracturing, and is an active member and River Scout (stream reconnaissance via kayak) with the Huron River Watershed Council.
